

Professional Rescuer CPR

12/5/09

8:00 am-4:00pm

Purpose

To teach those with a duty to act (professional rescuers) the skills needed to respond appropriately to breathing and cardiac emergencies. This includes the use of an automated external defibrillator (AED) to care for a victim of cardiac arrest.

Objectives:

- Identify the responsibilities and characteristics of a professional rescuer.
- List the series of events that occur when the EMS system is activated.
- Understand legal considerations that affect a professional rescuer.
- Recognize and provide appropriate care for breathing emergencies, including cardiac arrest, and other life-threatening injuries and illnesses.
- Demonstrate how to perform an initial assessment.
- Demonstrate how to perform rescue breathing (adult, child and infant).
- Demonstrate how to use a BVM with two rescuers.
- Demonstrate how to care for an obstructed airway (adult, child and infant).
- Describe when and how to use an AED.
- Demonstrate how to give CPR (adult, child and infant).
- Demonstrate how to give two-rescuer CPR (adult, child and infant).
- Demonstrate how to use an AED in cardiac arrest (adult and child).
- Demonstrate how to use an AED when CPR is in progress (adult and child).

Where:

American Red Cross, Mercer County Chapter

909 E Wayne St Suite 124

Celina, OH 45822

The cost is \$60.00 for this program
